Life at Home Is the Key to Independence®

CareMinders® Home Care is a private home care agency specializing in comprehensive services for individuals with catastrophic conditions who require lifetime support to remain independent. Services are specifically designed to support the medical, physical, functional and social aspects of life by maximizing clients' abilities and augmenting those which require support. CareMinders® is dedicated to providing safe, caring companionship, personal care, skilled nursing and therapeutic care, and home support services to the physically or intellectually challenged of all ages in the comfort and security of their home.

Progressively debilitating conditions can make the simplest of life's activities a challenge. Over time, as the physical condition progresses, the need for assistance may grow. The CareMinders® CLASScareSM (Catastrophic Life and Advanced Sustainable Support Care) program was designed to enhance independence and enable you or your loved one to remain in your home, where familiar surroundings, friends and family provide the lifestyle and sense of freedom you deserve. Assistance from a professional home care provider may be all you need to continue your lifestyle.

**We can be there to help
whether you need us for just a
few hours each day, or for 24
hours a day, 7 days a week.**

Building Relationships

The CareMinders® CLASScareSM program recognizes that trust in your chosen support personnel is paramount. The CareMinders approach to building this trust begins with understanding the necessary values of a solid relationship. The value of

treating others the way we want to be treated has never been improved upon. We believe that doing what we say we will do is foundational to building trust. The relationship between a caregiver and a client is built one on one from the very first day. The agency's role in that relationship is to provide the support needed through training, continuing education and clinical supervision of your or your loved one's condition in cooperation with you and your physician. The agency will also serve as your "infomediary" to assist you in maneuvering the maze of healthcare options, and assist you in bringing in all other ancillary supports that may be required as needs change over time.

Our Caregivers

It takes someone special to become a caregiver for

the best team in the business! We hire only caregivers who represent our values and ideals of integrity, loyalty and empathy. We match your caregiver's qualifications, interests, unique characteristics and personality with your needs. Equally important, all of our caregivers must successfully pass our industry-best background screening process, giving you the confidence needed to trust a stranger in your home. In addition to our rigorous screening, CareMinders® Home Care is a drug-free and alcohol-free workplace, and all of our caregivers are insured and bonded for your peace of mind. We believe you deserve the utmost safety and security. After all...

**Your Comfort,
Our Responsibility.®**

**We specialize in
technology-
dependent care.**

CareMinders® Home Care offers a vast range of skilled and non-skilled services and assistance, both long- and short-term, to people of all ages. We can be there to meet your needs whether you need us for just a few hours, or for 24 hours a day, 7 days a week. *Live-in services are also available.*

The following is just a partial list of our services which can be customized to the specific needs of you, your loved one, or anyone who is technology dependent:

Nursing Services *

- full-time, part-time or per-visit basis
- customized to your specific needs and conditions

Therapeutic Services *

- Physical Therapy, Speech Pathology, Occupational Therapy
- available on a per-visit basis

Counseling Services *

- Medical Social Workers, Dietary Counselors
- available on a per-visit basis

Personal Care Services

- bathing, grooming, dressing, oral hygiene
- mobility, ambulation, positioning
- feeding, toileting, incontinence care

Companion Care Services

- companionship and socialization
- meal planning and preparation
- light housekeeping and errands

Our care focuses on safety, risk reduction, and symptom control. In all instances, our clients are assessed for potential risk of fall, and necessary preventative precautions are taken and fully implemented. **Our mission is to enhance the quality of life for our clients and their families.**

** Services are always provided under the direction of your physician.*
